Board of Governors*

*Fellow AILA Colleagues,*

Why would someone who is more comfortable in the courtroom want to be in a boardroom? Because your voice matters. In a time with so much at stake, all of us must stay engaged. Immigration practice is different for each of us. Some of us are in small towns, some in big. But we are all facing the same fight from an administration unwilling to play fair.

I believe AILA must provide its members with creative solutions to address the current climate. I have always been known for creative solutions and I believe I can help AILA find them for you. We must be willing to look not at the glass as half full or half empty but as something that may reflect light onto a broken system which is breaking lives. We must think differently. This is what I am good at. I ask you to let me be your voice. That is why I am running for AILA BOG. And that is why I ask for your vote. Thank you!
